## MY INTRODUCTION

Hi, I'm DARREN. I'm interested in Selling and Communicating. Last summer I was a top-selling server at Raising Cane's Chicken Fingers.

3

## MY EXPERIENCE

While working at Cane's, I helped people understand all of their menu choices, which mostly involved ordering different amounts of chicken fingers. I also encouraged customers to sign up for the "Caniac Club" customer appreciation program where they could get a free box combo for signing up and also learn about food discounts, concert tickets, and Caniac gear. By understanding, persuading, and influencing others I was able to sell more chicken fingers than any team member. I am proud that I was successful in my first summer job!
