

JENNIFER ALVAREZ

Chief of Staff

Jennifer Alvarez joined The DeBruce Foundation in June 2019 as Executive Project Manager and that role has evolved into Chief of Staff. She provides innovative, strategic project management oversight, works to improve internal/external communications, and safeguards valuable partner relationships. She manages the Foundations budget and partner agreements, as well as partners closely with the strategic communications team on everything from website content and digital advertising to public relations.

She brings over 30 years of experience in Business Administration and Marketing across multiple industries, including legal, property and casualty insurance, civil engineering, and property management. Prior to her current role, Jennifer was the Director of Marketing & Client Relations for a nationally recognized creditor's rights law firm in the mortgage banking industry. She is regarded by management and clients as an outgoing, creative, and detail-oriented problem solver who collaborates with internal partners to present a seamless, coordinated, and timely service to customers. She possesses a strong commitment to team environment dynamics and has proven adaptability to differing cultural and business environments.

By leaning into her top three Agilities of Organizing, Serving and Caring, and Developing Others that she cultivated along the way allowed her to pivot into her passion – expanding career pathways with an organization that has tremendous impact and is hyper-focused on serving others. In her free time, she enjoys spending time with her husband and four children. She spends most of her time in the spring and summer at the baseball field. Jennifer is honored to be a part of the dynamic DeBruce team.
